MICROPHONE

The HS-G600V Vibration Gaming Headset focuses squarely on great sound quality and vibration experience with games. With this immersive headset, you can be fully immersed in the gamescape and hear the entirety of epic soundtracks. When playing game, its vibration function gives you field-like experience in any on-line games. Now you can hear and enjoy more of your game than ever.

Vibration Function-The vibration function provides a realistic & fun experience with deep bass sound through USB power. The superb vibration function add san exclusive effect and make you become closer than ever to your favorite games.

Premium Comfort

For extended gaming sessions, HS-G600V uses soft over-ear paddings for the earcups and a lightweight self-adjusting headband for a comfortable fit anytime.

Ergonomic Design-The headset ergonomic design & usage of leather like sponge material offers comfortable long time usage. The adjustable headband allows you to adjust to the best position during usage.

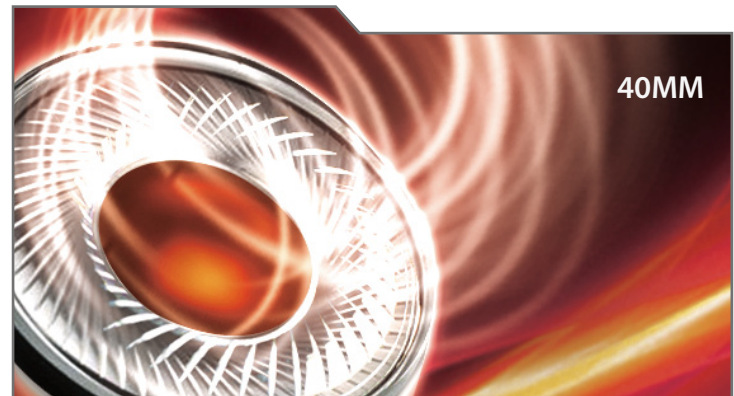

Excellent Microphone and Effective In-Line Control-

HS-G600V has in-line volume control, vibration button and microphone mute function to adjust your gaming atmosphere. Use the crystal clear microphone to inform your teammates what's coming and call your plays.

Aggressive Design-Aggressive styling that lets gear of war fans show its pride.

Built In With 40mm Audio Drivers-Headset HS-G600V delivers a super bass surging effect for an immersive gaming experience. The outstanding sound performance makes you accurately judge the position of enemies and beat them into pieces.
